The representative person of your club is responsible for the check-in. You will get one coach accreditation per 10 dancers. Only the representative person can pay the participation fees at the check-in or prior to the event. Please prepare the total and exact amount if paid at the check in.

Contestants must be ready in the hall at least 1h prior to their performance.

The jury consists of domestic and foreign acknowledged experts (judges, coaches, choreographers) selected by the organizer on the basis of their references. Selected judges are experts from different dance categories. Each category has 5 judges who specialized in dance disciplines for which they have been assigned to judge.

The judge evaluates each point from 1-lowest till the 10 – top, in the following parameters:

- technique*
- music and rhythm*
- interpretation*
- choreography*

The winner in each category is the routine that has been evaluated with the highest number of points. If two or more routines reach the same number of points, the winner is the routine that has the highest number of points in the technique parameter. If it is not possible to determine the winner even after that, the deciding factor become the highest number of points in parameter music, rhythm, then interpretation, choreography, and lastly also overall impression. If after the mentioned order of parameters, it is still not possible to determine a winner, best routines share the first place.

The organizer reserves the right to change the program.

It is forbidden to take photos and record with professional equipment! Failure to abide by this rule can result in disqualification for the studio. The event is going to be covered by the professional photo and video team, and you will be able to purchase the photos and videos of your performances on the spot. Usage of Phone is allowed.
